Lady B is the visionary of Glory Not Guilt, Inc., a faith based, nonprofit Health and Wellness movement designed to encourage, empower, and educate individuals. Through workshops, group coaching and seminars, this ministry is changing lives. She is also a graduate of the Institute for Integrative Nutrition and a Certified Health Coach. She is a Wellness Enthusiast, Inspiring Facilitator and Chief Encouragement Officer of this divine movement. Most importantly, Lady B undergirds her husband through constant prayer, support and encouragement as the Lord leads them both to unimaginable heights. Finally, Lady B lives by the saying, "Be Fruitful, Not Busy."
